

ENGINEERING DOBERSEK®

TURNKEY PLANTS

ENGINEERED IN
GERMANY

At the earliest date possible we are looking for our branch office in Serbia:

Branch Office Manager Serbia (m/f/d)

Engineering Dobersek GmbH is a medium-sized internationally oriented company in plant engineering. Our main fields of expertise lie on the areas of mining, mineral processing, metallurgy, power plant technology and special plants. Engineering Dobersek GmbH's customers include industrial groups, plant operators and public clients. Depending on the client-specific solutions, the project volume ranges from partial systems to complete turnkey systems.

We offer:

- › Challenging Tasks
- › Discovering the entire portfolio of engineering
- › Supportive working environment and multinational diversity
- › Flextime model

Have we aroused your interest?

Then we would like to get to know you. Please send us your detailed application with your CV and letters of reference. Please apply by email only to:

karriere@ed-mg.de

Your tasks:

- › Support of the existing core customers as well as acquisition of new clients
- › Development of concept solutions, support of optimization of operational processes, development of plans, offer calculation and preparation
- › Management, motivation and further development of own staff (team of about 10 employees) and subcontractors
- › Responsibility for costs and earnings of the branch office
- › Regular reporting to the company management

Your profile:

- › Completed degree in mechanical engineering or comparable
- › Several years of experience in the sales area of plant engineering
- › Relevant knowledge in the field of energy (e.g. power plants) and processing technology
- › Fluent Serbian and good knowledge of German, knowledge of English is an advantage
- › Flexibility and willingness to travel
